Created in 2008, Axiom Infrastructure is an employee-owned independent fund manager dedicated to investing in core infrastructure assets. With over 70 employees, the firm benefits from a group of professionals with extensive infrastructure development and management backgrounds, and significant experience acquiring, developing, financing, operating, and managing infrastructure assets. Axiom's investment strategy focuses on North American mid-market core infrastructure assets with an active approach to operations and asset management. Over the years, the firm has built a diversified portfolio of over 145 North American assets and today has over \$5.1 billion of assets under management.

Axiom Infrastructure offers a dynamic, respectful, and collaboration oriented work environment in all of its offices located in the core of the financial districts of Montreal, Toronto and New York. A full benefit package is offered to permanent employees.
